3 January 1969

MORNING MEETING ACTION ITEM

TO: ADD/I
D/OCI

The Director suggested to the ADD/I and Godfrey that a senior, knowledgeable analyst be sent on a fact-finding trip through the Caribbean islands.

Action taken: 3 January 1969

25X1 [] will confer with Chief/WH for the purpose of cataloguing trips to the Caribbean area by Agency personnel and arrangements will be made for the systematic debriefing of these Agency travellers. In this way we can best take advantage of the considerable number of Agency travellers who have recently or are already scheduled to visit the area. When this review has been completed, we can best determine what spots should be covered after the tourist season.
